

Book List by Author/Publisher

I prefer to trade all the books as a single package for something I can use. All are in readable/usable condition, most in good to excellent condition. Some are hardbound, most paperback. This group comprises lots of useful and enjoyable reading for anyone wishing to establish a boating library. Some are signed by the Author. Some are out of print yet have a following. If purchased one by one from bookstores you would be out of pocket many hundreds of dollars.

If you have an interest in acquiring this collection please contact me by registering to my site and sending me a message. If I receive serious interest I will take the time to photograph and provide more specific info as requested. This collection is in the Portland OR area.
